

ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

HOW TO APPLY

Consumer must first have a sales agreement and contract number with a participating vendor or contractor and then obtain a rebate reservation and application form online or by asking the installing contractor. After the products are installed, the consumer must mail the completed rebate application form and supporting documentation as instructed on the form. Consumers must be sure to have the contractor provide a statement on the invoice that the replaced unit was disposed of properly. Rebates will be issued to consumers six to eight weeks after receipt of the complete application packet.

Additional information will be provided on the program sponsor Web site as it becomes available.

For more information: www.EfficiencyMaine.com or call 1-866-376-2463.

ELIGIBILITY

The consumer must be a resident of Maine, own a single family home occupied year round, and replace an existing less-efficient unit used in the State of Maine. Consumer must self-certify haul away and proper disposal of the replaced unit(s). Limit one purchase per product type per household.
